Freelance Full Stack Development

Napa Creative Co. • Napa, California

Working for myself as Napa Creative Co. has brought me some great opportunities and helped solidify my ability to manage time, workload and budgeting effectively. Weekly, my tasks would range from Wordpress Theme Development, React JS / Next Js / Gatsby JS projects, Merchandise design, Email marketing and more.

- ☐ Gained experience interfacing with clients of many different walks of life. Strict time management and project organization became a necessity.
- ☐ Gained experience putting online knowledge to the test in real world situations with real clients. This gave me a great understanding of how to explain technical issues effectively.

Senior Graphic Designer

Gaby Inc. • Petaluma, California & Calgary, Alberta

Gaby is the head of a house of brands focused on Hemp and Cannabis Wellness. With them I designed products and coordinated with manufacturers within Mainstream Grocery, International Hemp and Licensed California Cannabis channels.

- ☐ With a Brand Director and Social Media Manager, we diligently managed the entire Creative for all 6 businesses: Gaby Inc., Gabriella's Kitchen, Sonoma Pacific Distribution, Lulu's Chocolates, 2Rise Naturals, Sonoma Specific.
- ☐ I personally designed, developed and up-kept all Websites, Packaging, Sales Collateral, Print & Digital media for all six brands. This included interfacing with other Design Agencies directly.

Graphic Designer, Web Developer

Sonoma Pacific Distribution • Santa Rosa, California

As the sole computer wiz in the company, it was my job to design and develop all Sales materials including Packaging, Sellsheets, Menus, Website, Internal Documents and much more. Having started with just a logo, I helped steer the company in an entirely fresh and more intentional direction visually.

- ☐ Creating Dielines, Designing Packaging for in-house products, as well as 3rd Party Vendors. Seasonal Iterations of Menus, Catalogs, Sellsheets designed for Print and Digital formats.
- ☐ Web Design and Wordpress Development with custom Stocklist and Menu plugins, WooCommerce and client area customizations. I also helped set up the Microsoft Office organizational structure, utilizing Teams, OneDrive, SharePoint and more.
